Connect into your Future

An internship at Southern California Edison (SCE) gives you a hands-on opportunity to be part of an innovative company that designs new solutions to meet our customer's energy needs.

Our summer and year-round internships, along with our co-ops, help students gain real-world experience that can lead to transferable skills for their careers. SCE's University & Campus Relations offers these programs with the belief that learning and development are important parts of building future leaders. Southern California Edison can help you connect into your future.

Internship Program Details:

- Full- or Part-time
- Paid Internship
- Summer, Year-round, Co-op available
- Flexible start and end dates based on your availability
- Housing stipend and relocation may apply
- Partner with an experienced SCE employee (peer advisor program)
- Program highlights: intern/co-ops mixers, sporting events, executive speaker series, site tours, community/volunteer events, and evaluations/exit interviews

For more information, please email us at collegejobs@sce.com

Eligibility Requirements:

- Enrolled in an accredited college or university in an undergraduate or graduate program
- Attending school at least part-time and making satisfactory progress toward a degree
- A cumulative 3.00/4.00 GPA
- Authorized to work in the United States
- Attending school the semester/quarter after the summer internship/co-op

"SCE interns provide fresh ideas, enthusiasm and diversity of thought that inspire new ways to look at our business."

- Ted Craver
Chairman and CEO
